Yes, no – listen! I was going through the applications this morning and guess what? No, don't be daft. No – we've got Gogglehead AND Johnny Snow in the same batch! I know!

[WAVES APPLICATION AT WEBCAM]

Evil hours: Ha! How does he do his accounting? No, I can't remember I'll have to check..

Weapons- he's put Transmatter [DO HAND MOVEMENT FOR BRACKETS] brackets 75% functional and Freeze Ray brackets needs wonderflonium. Hang on...no I thought that but apparently it freezes time!

Yeah – Johnnyboy has put Freeze Ray, too. But his really does freeze things. And it's fully functioning, apparently.

Under Nemises/nemiseas..whatever. he put “Captain Hammer” brackets Corporate Tool – well I've never seen that on the Hammerman's website – you think it's his new logo – heh – and then he's put – get this - definitely NOT Johnny Snow – Yeah! On Johnny Snow's it says Doctor Horrible! I know!

Under Evil Philosophy Gogglehead has put “destroying the Status Quo, engineering social change and removing the worst of the plague that's destroying humanity” I mean – is that really Evil? Ha – you are so right, it IS really pompous! [SHUFFLE PAPERS]....and a – OMG! You won't believe it! He's sent in a letter of condemnation from the DEPUTY MAYOR! I know!!! And I think [SNIFF] Yes! [SNIFF] did he use 'Hayscentsation' perfume? That is too much – suckup! As if Bad Horse even sees the applications! Can you imagine? I know!...with his hooves!

And who knows what this is? [SNIFF] smells worse than the letter – is that cumin?! Dead Bowie is gonna love this...

Act III

No I'm telling you! We were all watching it in the Board Room! Captain Tool smacked him from one end of the bridge to the other....Yes! A Car... at his head! You should have seen it! And Captain Hammer – you should have seen him! Captain Hammer! They should have called him Captain Tightpants! It was hardly decent hmmm. Red Rum was not amused, I can tell you!

And when they showed that internet blogthing he'd done... I mean I could hardly keep my face straight ...cheered me right up! I thought Fake Jeffers was going to have an apoplexy right there and then! I keep watching that news segment over and over...yes, I love them two, they're great aren't they...she looks fabulous...should I get my hair done like that? Oh...ok.

Googlehead? Oh yes...Death Warning....I can almost hear the Death Whinney now....He'd have to do something really special to get in now. No, I can't see that, either.

Well, you know what – I'm going to get my application in! Yes! If he can get this far then so can I! Murder? Well I'll tell you what, I'll murder Kevin in Accounts if he changes the way Evil Hours are calculated one more time – and he will, so I'm sorted! Hehe Yes..Henchman's Union! No, the Lucky's Guild was enough for me...absolute shower...Undead Friday? No, I don't like dressing up...no...ok get the kettle on and save me one of them doughnuts – yeah, one of the jelly ones! We can watch the news highlights loop I've done and I'll then show you the Board Room footage I've got. It'll Slay-ya.

Act IV

Where are you? Oh – headset! Ha! Sometimes I forget I’m wearing these things! Went to make a brew yesterday and just got up and walked away – nearly garroted myself! Well, gave EvilBrenda a laugh anyway! Yeah I really want some of the fancy wireless one.....no, no budget this year apparently...Yeah! Too busy spending it Diamond hoof studs probably! Yeah!

No, she was back in writing up her report on the Gogglehead surveillance. Yeah, EvilBob’s there now. Not much, he’s been locked in his lab...Yeah...well the Three Horsemen of the whatnot delivered their ‘Someone better be dead by dawn’ message..I’m just surprised there hasn’t been a Form Zero issued against him... No, they don’t call them that anymore....no....well there was that trouble with the...yes and when the....yes....so, no more Ass 1, it’s Form Zero all the way now...

Haven’t got a clue, but he’d better hurry up because His Nibs isn’t known for his patience...No, well I’ve been busy with this appeal thing....Yeah, Johnny Snow...he was in here the other day raising his voice to TieFighter...well you’d think he’d have more brains wouldn’t you...well maybe not! No he was shouting about how his freeze ray really worked and see what happens when they let amateurs like Gogglehead apply – said the League was the laughing stock...(whispers) he said that he wouldn’t be surprised if Gogglehead was a plant from the Disestablishment! He must be bonkers....

Anyway, I get to review all Johnnyboy’s paperwork and pass it back for a decision, so lucky me!... No, no chance... He’ll be lucky if he only gets a Form Zero! Well, what does he expect? It’s not called the Evil League for nothing! Yeah, that’s what...[taps at keyboard].. I mean

Actually, TieFighter has just emailed asking me to send on the Form Zero Policy documents to her...that does not look good for someone....

Act V

[Sound of crying] I can't believe she's gone..how did it happen like this...sniff...I just don't understand...And then he just ran off! Yeah! EvilBrenda saw the whole thing – she'd been doing the Gogglehead surveillance and was busy ogling Captain Tightpants - never thought he'd pull something like that... Yes! – left the body on the stretcher...No, I didn't hear that, who said so? Well I don't know about that, EvilBrenda followed him so she didn't...no, went straight back to the lab and locked himself in....yeah....probably scared Captain Hammerpants would come and find him! I know!

Not been seen at all! Well I heard he was setting up a foundation in the name of whatshername but that's a load of Horse whatnot! No, apparently he's gone to a Buddhist monastery, yes, taken up chanting and shaved his head...you haven't? Oh, that photo email went round yesterday...yes...a picture of him in orange saying "I can haz 100 % cheese" yes...

Oh well, it's going to be a rubber hoof stamp exercise this time...Yeah, Gogglehead just needed to send in the amended application! Yes! Well, there's a few differences...No Nemesissess.....No! Well, Captain Hammerpant's not in the picture...well, yes, he's in *that* picture but...And he's put 'Death Ray' under weapons...no! Well, obviously it does...! Yes, and at least he's not put anything under 'Catchphrases' either, this time...I know! Uh-oh, I can hear the patter of tiny hooves, best go.....

Season 1: ELE Applications Processing Office – Scripts

Mary Higgins (mary.r.higgins@gmail.com)

Act VI

No, they're in there now! Really! You should have seen him marching in – looked like the Terminator's pale weedy cousin! Nice outfit, though, he really knows how to accessorise and red just is so his colour...is it? Well don't tell Tiefighter! Got her eye on him and no mistake! Yes it is a bit hard to tell, but I'm sure of it, and underneath all that she's probably very nice....

Well, Johnny Snow's accident was no accident, now, was it? And who really couldn't stand him, all that nemesis stuff? Well, Gogglehead wasn't here then, was he, but TiFighter was...yes...stands to reason...yes...

Oh yes, we were all there, waiting and cheering for him, it was quite moving...well we had to! Yes, just his elbow as he passed, no he didn't let on, well, we don't have name badges do we? He'd never know it was me that sent out all them rejection forms! Haha! Yes - even the three horsemen of the Nerdpocalypse...And look what I got! [show hat!] No – I'm not telling....hahahaha!

Yes, I heard that... Apparently he's donated the last bank job to the League's 'Down and Out and Evil' fund...

Well, he has been trying for a long time, bless him...yes! Remember last Christmas party when we all had to come as 'Evil League hopefuls' and do that 'Apprentice' game? 30 Goggleheads out in the first round! So funny....I bet they won't be showing him THAT video in the board room... yes...No, who knows what he'll do now? I mean, he's got what he wanted, hasn't he?

Season 1: ELE Applications Processing Office – Scripts

Mary Higgins (mary.r.higgins@gmail.com)

Evil WorldofHiglet's ELoE application

Clears throat

So, here is my video interview application for the Evil League of Evil
[checks script]

Er, my name is Evil WorldofHiglet (but I'm sure you already know that) and I am Evil. I am currently employed as Senior Applications Processing Assistant in the Evil League of Evil – yes that's me sitting behind Evil Brenda [waves].

I hear that you're only accepting video entries now and so the Application Forms that I redesigned last year in my own time are now completely redundant but I'd already filled it in so I may as well use it [PING – INCOMING MAIL]

And my I take this opportunity to thank you for setting up the emails this way. I'm so glad that all the applications are being diverted to my account. That's really great.

I'm not claiming any random titles – I mean I have more pride than to make up a fictitious degree just to make myself seem more important. I have the Masters in Universe studies which you can look up on my Personnel file – so you know it's real!

Now for Evil Hours this year I have 1040 and I have the Form EH2008 to back that up. Well the original has gone to Kevin in Accounts but I've got a copy. And in total I've got 40,000 Evil hours to my name which I think you'll agree, is pretty impressive. Don't let Kevin confuse you with his new accounting system – these hours are totally right.

As for supporting evidence. Don't worry – no organic matter! Unlike SOME people, I know the rules, I'm not attaching any bags to the email or anything (er, how would you do th...nevermind)...[have you seen this one – CAPES! For goodness sake, what ARE they thinking, it's 2008!]

Season 1: ELE Applications Processing Office – Scripts

Mary Higgins (mary.r.higgins@gmail.com)

So [clears throat] I think my record speaks for itself. 3 years runner up in the How Evil is My Work-Mate contest, years of loyal service to the League and a good working relationship with all the Board Members and er, other members of the League [put hat away hurriedly]. Plus, of course, the English accent.

[Oh my, what is she wearing...I'd better see what she's singing about in a min – looks intense...!]

So I hope my application for one of these 10 places you have seen fit to advertise outside the League so that any common-or-garden badboy can apply is successful. Of course, I'm emailing it to you but it'll end up here along with all these other applications...[Oh. My.]

Yes....I think that will do...it's got to be better than this lot!..I wonder if I can just delete my inbox...That noise is going to drive me mad..How do I turn this thing off....
